Representing manufacturers of quality equipment for the electrical industry for over sixty years

Manufacturers

Basler Electric	Protective Relays, Generator/Synchronous Motor Protection, Excitation and Voltage Regulation System Protection
DILO	SF6 Gas Test & Maintenance Equipment
Dynamic Ratings Inc.	Asset Health Monitoring, Control and Communications (Transformers, Bushings, Bus Duct, and Breaker Monitoring)
Eaton / Cooper Power Systems	Liquid Filled Small Power Substation and Pad Mount Transformers, Pad Mount Switchgear, Dead Front Cable Terminations, Voltage Regulators, & Power Capacitors Banks.
Electro Industries (EIG)	Power Quality Metering & Data Collection Software
Elgin Power Solutions	Metal Enclosed, High Voltage Capacitor Banks, Reactors, Custom Switchgear, Specialty Enclosures, Prefabricated Substations, Transmission & Distribution Substation Turnkey Solutions
KRIN USA	Oil Processing, Filtration & Vacuum Systems, Custom Oil Tankers, Energized Dry-Out Systems, De-Gas & De-Watering Systems Designed to Support Oil Filled Power Transformers, Load Tap Changers, and Oil Circuit Breakers
KVA	Relay Panels, Metal and Pre-Cast Control Buildings
Mica Steel Works	Steel Transmission Poles, Lattice Towers, & Substation H-Frames
PASCOR (Pacific Air Switch Corp.) PASCOR Atlantic (formerly ABB)	MV & HV Substation Air Break Switches & Motor Operators
Powercon Corporation	MV Metal Clad & Metal Enclosed Switchgear, Load Break Switches, Bus Duct, and Related Field Services
Prolec GE Waukesha	Power Transformers, Transformer Services & Repairs, Load Tap Changer Components & Training
Systems with Intelligence (SWI)	Thermal Monitoring & Visual Imaging for Electrical Assets in Substations.
VAISALA	Comprehensive Multi-Gas DGA Monitoring for Power Transformers
